# AIRONE

**Airone**, İtalyanca'da balıkçıl kuşu anlamına gelmektedir. Ürünlerimizde soğuk demirin, İtalyan estetiği ile buluşmasının bir betimlemesi olarak, dünyanın en güçlü ayaklarına sahip kuşu olan balıkçıl kuşunu isim olarak seçtik.

***Bu isimin, bize dayanıklılığın ve estetiğin ilhamı olarak yansıtacağına inanıyoruz.***

Bu yolda, bizim siz değerli müşterilerimizin, son kullanıcıya kadar verdiğiniz emek ve çabanızın yanında olduğumuzu bilmenizi isteriz.

Bizleri seçtiğiniz için teşekkürler.

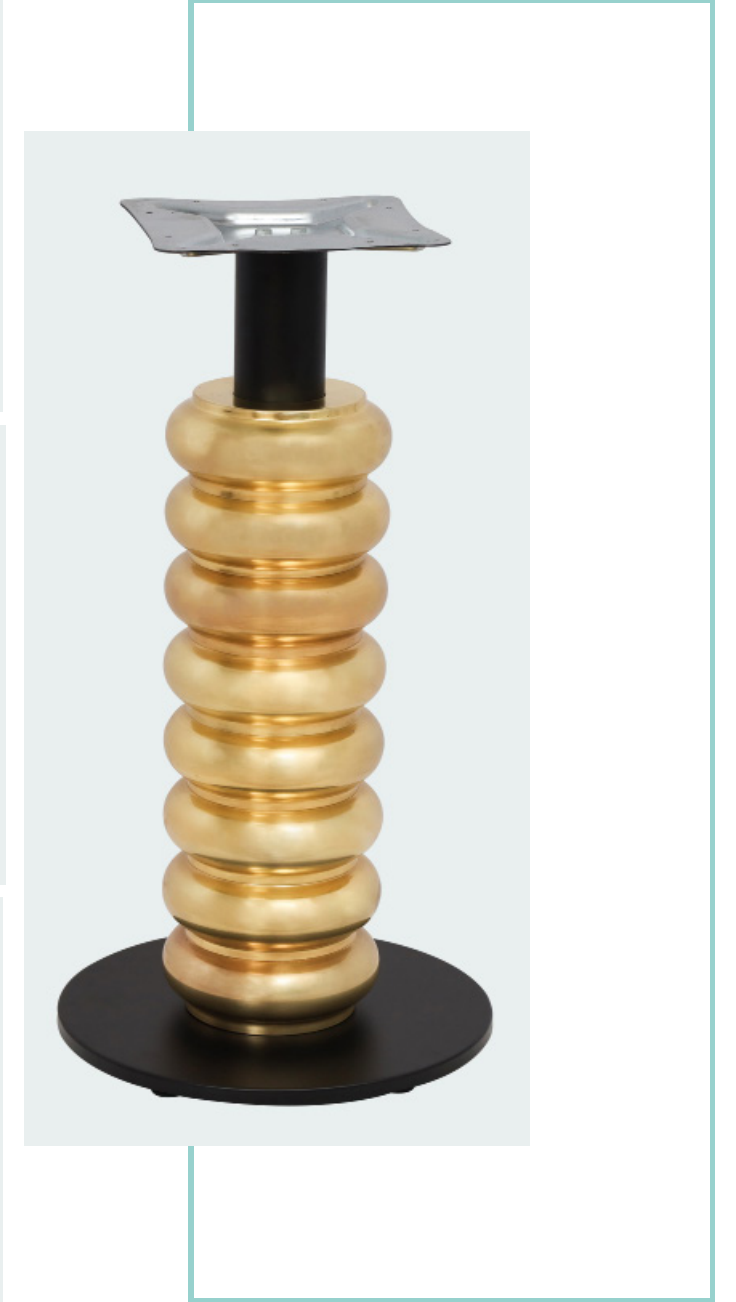

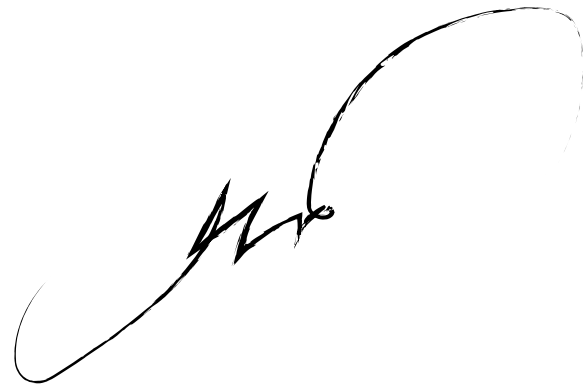

Airone, means heron in Italian. We chose the heron bird, the bird with the strongest legs in the world, as a description of the meeting of cold iron with Italian aesthetics in our products.

***We believe that this name will reflect on us as the inspiration of durability and aesthetics.***

In this way, we would like you, our valued customers, to know that we stand by your efforts and efforts until the end user.

Thanks for choosing us
